Hi Brian:

Please inquire about the status of the agreement by phone and email by contacting the representative of LTRI. We will not be able to order access unless and until you have documented several times in which you have sought access and either received a declination or were ignored (did not return emails or phone calls).

Let me know if you have any other questions, and continue to keep me informed.

Thank you,

Gloria Moran

Subject: Access Agreement for Falcon Refinery

Gloria

Can you please advise what I should do in regards to the access agreement for the Falcon Refinery site. I sent LTRI the revised access agreement on June 3. I have heard back from on the 10th that the person I was working with (regulatory affairs) was going forward with it to see about having it signed. We are wanting to start sampling the week of Jul 21 and I was wondering how long I should

9597366

give LTRI before doing something else to gain access. Can you please tell me what I can do to get access if the company is not agreeable to grant it and how long would it take?

Thanks
